Five Points House of Industry.

We are frequently called to account in the following manner: kme-ne-cals at the Institution and says "We sent you, Sir, consilion of provisions (or money) on such a day, but you did at acknowledge it." not acknowledge it.

Our explanation in most cases is this: There are two Mission Houses at the Five Points; our building is called House of fadoutry (Mr Prass's), the other building is called Five Points Mission (Methodist) if our friends about to send us a contribution should direct it to "Five Points Mission, N. Y." it would not reach Mr. Prass's institution, but would go to the Methodist institution, and of course we could not acknowledge its reception, because the two Assess have no connection. Donations intended for us abould be directed. "L. M. Prasst, or B. R. Bakhow, House of Industry, N. Y." Grateful for the liberality of our friends, we feel bound in justice to them and to curselves to make this statement.
